

New Band Uniforms Have Been Ordered

New uniforms have been ordered by the band in time for the Sesquicentennial celebration.

The uniforms were ordered from the Fehmeier Brothers of Cincinnati, makers of band uniforms. They are black and gold dual purpose suits. The concert uniform is formal but for marching an overlay of a gold and black shawl color is added.

The 78 uniforms plus one drum major's outfit cost \$85.05 each and will be paid for by the Band Parents organization and by local merchants and individuals. Donors toward the purchasing of uniforms are as follows:

The Old Capital Bank and Trust Company donated \$100. Those contributing one complete uniform or \$85.05 were: Savings and Loan Association, Berlins Dept. Store, The Fair Store, Corydon State Bank, Parks Chevrolet, Davis Drug Store, The Corydon Democrat, Conrad and Sons Piano Co., The Corydon Jaycees, The Mrs. Jaycees, and Sunshine Hatcheries.

OTHER CONTRIBUTORS

Fifty dollar donations were from Hurst Stepro Lumber Co., Inc., and Mathes Quarry, The Thermoglass Co., of Corydon, donated \$42.50.

Twenty-five dollar donations were: Albin Jewelers, K. H. Brown and Son, Keller Manufacturing Co. and Veterans of Foreign Wars.

Twenty dollar donations were received from Zimmerman Art Glass Co., Stepro Clothing, Davis Y. Monroe, American Security, and Alstott's S&T Store.

Donations of \$15 came from Nelson's Firestone, Gerdon Auto Sales, Corydon Crushed Stone & Lime Company.

Contributions of \$10 were from Patterson's Service Station, Ordner's Variety Store, Harmon's Real Estate, Brown's Ashland Service Station, Dr. Carl E. Dillman, Rothrock Service Station, Griffin and Company, Lincoln Hill Motel, Underwood Motors, Austin's IGA

Foodliner, Old Capital Beverage Co., Dick Simmons, Stepro Transfer Lines, Dr. Alton, Chic-A-Lay, Day & Son Refrigeration, Indiana Utilities, Big M Service Station, A & P Food Store, Fashion Cleaners, Stauth Brothers, Eckart Supply Co. Inc., Drs. Jordan & Martin, Orwick Vault and Monuments Co., Independent Auto Sales, Sharp Oil Co., Whitman and Ryan Auto Sales and Tom Monroe Mobile Distributor. Wolfe Motor Sales contributed \$7.50.

Five dollars were donated by F & H T.V. Service, Don's Watch Shop, C 'n C Barber Shop, Western Auto Supply, Heth and Hughes Insurance, Lamon and Davis Hardware, Mrs. Opal Kintner, George Miles Real Estate, Mrs. Mabel Frederick, Hickman Flowers by Jean, Allen's Sinclair Service, Kitterman Motors, Carlton Windell, Hurst Miles Hardware, Redden's Bakery, Wellman's Service Station Lincoln Trail Service Center, Alonzo Lone, Hays and Hays, Joe Kessler, Safety Dependable Cab, Fern's Beauty Shop, Mary's Beauty Shop, Jay and Sons, Dollar Store, Nolan Hottel Insurance, Corydon Concrete Co., Standard Oil Co., Claude Windell Service Station, Frederick's Service Station, Genieve Rosey Beauty Shop, Dee Rose Beauty Shop, Elm Restaurant, Butt's Drug Store, Dr. H. K. Binkley, Judy Crone, Dr. J. R. Moss, Neely's Cafe, Sara's Beauty Shop, Kopp Service Station, Green's Barber Shop, Ideal Restaurant, Joe's Restaurant, Lincoln Trail Barber Shop, Harper's Barber Shop, Ledford's Grocery, Charles Evans, West Side Garage, Limeberry and Son, Annis McGrain, Big Dutchman, Reasor Oil Co., Country Lanes, Krause Hotel, Dr. Blessinger, Vaughn Station, Rex Lunch, Alice Reas, Darrell Brown Insurance, Wallace Studio, Capitol Motor Parts, Mrs. Paul Wilton, Dream Beauty Shop, Jordan Insurance, Bill's Auto Parts, Jay C Food Store, Draper Auto Sales, Midge's Beauty Shop.

Mitchell - Shireman Bickel To Attend Leadership Confab

Mike Shireman and Kay Mitchell, seniors, will accompany Mr. George Bickel, government and sociology teacher, to North Central High School in Indianapolis on Saturday, February 5, 1966, to attend a Government Leadership Conference.

The purpose of the conference is to give Indiana students an opportunity to learn first hand the way in which individual government leaders are involved in the process of making and administering public policy.

During the general session, Senator Bayh will introduce the four speakers. Following the general sessions those attending will be divided into four groups for sessions with each of the four speakers. Senator Bayh will later spend fifteen minutes with each of the four groups answering questions concerning the proposed 25th Constitutional Amendment on Presidential Succession and Inability or Congressional procedure.

Guest speakers will be the following:

1. Honorable G. Mennen Williams, Assistant Secretary of State for African Affairs. In his speech, Mr. Williams will give a short survey of United States policy toward Africa.

2. Honorable Patricia Roberts Harris, United States Ambassador to Luxembourg. Mrs. Harris will tell of her experience as an Ambassador in a European Country. She has also had extensive experience in the Civil Rights Movement.

3. Honorable John T. McNaughton, Assistant Secretary of Defense for International Security Affairs. He will briefly outline our security affairs and then will concentrate on Vietnam and NATO.

4. Honorable James Symington, Executive Director of the President's Committee on Juvenile Delinquency and Youth Crime. Mr. Symington plans to talk about juvenile delinquency and how it relates to the family and the community. He also plans to discuss the law and the difference between "pranks" and violation of the law.

Question and answer periods will follow each of the four individual sessions.

Former Member Of Soph Class Dies Suddenly

Students and faculty members were shocked and grieved to learn on December 22, of the sudden death of Jeanie Doolittle, daughter of Mr. and Mrs. William B. Doolittle.

Jeanie attended school in Corydon until she was in the eighth grade. At that time her family moved to Louisville where Jeanie was a sophomore in Atherton High School.

Mr. Doolittle is a music instructor in Manuel High School; Mrs. Doolittle is librarian in Southern Junior High and Jeanie's brother Bill is a senior at Atherton. Another brother David is in one of the Louisville Grade Schools.

A reproduction of a lineoleum block print, of the Old Capitol done by Mrs. Sue Chapman, is being mailed to friends by Corydon citizens. The inside of the folder lists all of the 1966 events and dates that will take place at Corydon, the First State Capital, during the 150th birthday celebration of the State of Indiana.

EDITOR'S NOTE: Students who have not visited the Old Capitol building recently should do so soon. Don't be embarrassed by your lack of knowledge of local history.

KICK - OFF

Official Commemorative Stamp

Corydon will be host April 16 to the 1966 "kick-off" birthday celebration when the official commemorative stamp for Indiana's Sesquicentennial will go on sale at the local post office. Many dignitaries, both state and local, are expected to attend. A luncheon for several hundred people will be held at the high school on this date.

High school students throughout Harrison County will be privileged to be a part in the celebration.

Some will be asked to take part in the pageant now being written by Dr. and Mrs. Newell Long of Indiana University; others will be asked to serve in various positions.

Everyone, both students and adults, should review their local history so that they will be able to answer any questions that any one of the thousands of guests, who will be here during the spring and summer, might ask them. Points of historical interest are noted on page 2.

Lander - Norman Begin Adult Education Classes

Adult education evening classes in occupational information and art began January 3. Those enrolled in occupational information under the direction of Mr. Norman are: Sharon Cochran, Marsha Deatrick, Hilda Fisher, Kenneth Pirtle, Joe Thompson, Karen Cunningham, Buddy Troncin, Carolyn Green Hammontree, Barbara Turner, Jo Anne Owen, Danny Turner, and Charlene Heishman.

Students enrolled in the art class are: Charles Arnold, Lucy Brown, Larry S. Crone, Charles Cropper, Doris Enlow, Ambrosia Hughes, Katherine Kintner, Bertha Kopp, Kenneth Kopp, Sherry Kopp, Brenda Monroe, Mildred Moss, Judy O'Bannon, Doris Parker, Rosa Rowland, Becky Webb, and Betty Williams. Two of these students, Brenda Monroe and Becky Webb are CCHS students. The class is taught by Mr. Lander.

Each student in these classes must go 14 weeks to receive two credits.

Miss Puryear Has Broken Ankle

During the Christmas vacation Miss Puryear, the Spanish and English teacher, jumped from a horse cart and broke her ankle in three places. Her leg is in a cast up to her hip and she is in traction.

Mrs. Pendleton Is Sub

While Miss Puryear is absent, Mrs. Gordon Pendleton is substituting. A few of the other teachers are also helping teach some of Miss Puryear's classes. The student body and faculty

Assembly Prog.

"A Wee Bit of Bonnie Scotland" will be featured in an assembly by the famous Scottish artist, Malcolm H. Davie, January 26. Mr. Davie's very unusual contribution to the field of entertainment is his talent to play any Scottish tunes and produce a most distinguishing sound to his audiences. His colorfully gay costume also adds to presenting a very pleasing show of Highland Charm. His program reflects the subtle humor which is characteristic of the native Scots.

On stage Mr. Davie identifies the various colorful tartans of the Scottish Clans which will be displayed. He will also explain the unique dress of the Scots and demonstrate how the Scottish kilt is put on and worn.

MR. ELLIOT E. HASAN, Athletic Director of Hyde Park High School and one of the nation's outstanding football and basketball officials, will be featured in an assembly program on February 8. He is also director of the fabulous Harlem Globetrotters.

Since 1950 Mr. Hasan has visited 83 different countries. He is also a sports director and "good will ambassador." Chile, Canterbury, Summer Palace of the Pope, and the Kremlin are some of the fascinating places he has visited.

Some of the highlights of Mr. Hasan's talk will be life behind the Iron Curtain, tours to the various corner of the globe by the Harlem Globetrotters, and amusing incidents involving the Globetrotters.

Miss Puryear a speedy recovery.

She is now at her home in Tennessee. If anyone would like to write or send a card her address is: 409 East Andrew Johnson Highway, Jefferson City, Tennessee.

KERRY TIMBERLAKE, a junior band member, is modeling one of the new band uniforms.

The Cubs who are starting with a successful season are, front row, left to right: Archie Brown, Mike Monahan, Sam Eckart, Doug Bates, and Charles McMonigle.

Back row: Coach Frederick, Jack Miles, Steve Hurst, Bob Pate, John Kirkham, and Richard Thomas, manager.

Panthers Stomp Generals 78-41

First M-SC Victory

The Corydon Panthers racked up their first M-SC victory of the season by obliterating the Clarksville Generals 78-41.

For virtually the entire game the Panthers harassed the visiting cagers with an exceptionally effective defense and an evenly distributed barrage of scoring.

Starting for the Panthers were forwards Butt and Hess, guards Kirkham and Schneider, and center Scott. The Generals tossed in the first basket of the game and near the middle of the first quarter things were looking down for Corydon with the score 7-0 Clarksville. But, with the help of Danny Utz, the locals erased the gap making it 12-all at the end of the first period. From the beginning of the second quarter to the final horn, the Panthers shot away from the opponents while displaying their finest form of the season. The Generals just couldn't produce an effective rally.

Alan Hess led in scoring for Corydon with 16. Tom Butt and Bill Kirkham had 12 each and Monty Schneider, Mike Bennett, and Danny Utz had 10 each.

We now stand 3-10 for the season and 1-4 in the conference race. **Cubs Win**

The Cubs also made another entry to the good. With the trio of Eckart, Hurst, and Bates going full speed ahead they downed the visitors from Clarksville 53-38.

Corydon (78)	FG	FT	TP
Butt	5	2	12

Blackhawks Edge Corydon Cagers

Cubs Rally To Defeat S' Valley

The Corydon Panthers lost their eleventh game of the season to the Springs Valley Blackhawks by a score of 66-57. The Panthers played on even terms with the Blackhawks for three quarters. It looked as if Springs Valley might make it a run away in the first quarter as they led by 11 points, but the Panthers cut the lead to 3 several times but could never come any closer and at the end of the period the score was 45-41.

For the Panthers, Bennett was high with 15 points followed by Hess and Kirkham with 3 each. For the Blackhawks, Carnes and Meehan led with 21 points each. Next was Elkins with 12.

The Panthers shot 33% from the field for the night. Springs Valley outrebounded the Panthers 45-38.

Sp. Valley (66)	(57) Corydon
Carnes 21	13 Hess
Harris 2	15 Bennett
Meehan 21	13 Kirkham
Elkins 12	3 Butt
Harris 2	2 Chumley
	7 Schneider

Silver Creek Downs Panthers By 23 Points

Corydon lost their fourth conference game by bowing to the Silver Creek Dragons 93-70.

The first quarter of the game was close as both teams were running and shooting well. It ended 23-14 Silver Creek.

The Panthers dropped further behind at the half 49-20.

The second half, Corydon outscored Silver Creek 50-44. Unfortunately the surge was a little late, as the buzzer buzzed at 93-70.

Lewis and Bailey shared the honors with 26-22. Kirkham was high with 19 and Butt had 17 for Corydon.

Silver Creek (93)	FG	FT	TP
Lewis	12	2	26
Regan	4	1	9
Beck	6	2	14
Bailey	10	2	22
Knight	5	0	10
Waiz	1	0	2

Hess	3	2	8
Scott	3	0	6
Kirkham	8	3	19
Schneider	2	2	6
Bennett	5	0	10
Utz	2	0	4

The Corydon Cubs showed the will to win by coming from behind to defeat Springs Valley 49-44.

The Cubs came off the line with the score fourteen all at the end of the first quarter. Through the straight away Springs Valley slowly pulled away by scoring six points to Corydon's three. Going into the far turn the Cubs took the inside rail to narrow the margin of scoring during the quarter 14-12. Going into the home stretch Corydon put on a fight for life. The Cubs showed the tremendous will power and agility which is needed to pull out the close ones, making the final score 49-44.

Steve Hurst made a lay-up in the fourth quarter, at a vital point in the game, making the score 43-41. He was assisted by John Kirkham. Charles McMonigle then stole the ball two times in a row to insure the victory. It's easy to see that the old saying, the good coaches win the close ones, still holds true.

This victory made the Cubs' record 8-4. Doug Bates and Kerby of Springs Valley, shared the honors with sixteen points.

Corydon (49)	(44) Sp. Valley
Bates 16	16 Kerby
McMonigle 10	13 Denbo
Eckart 9	11 Simmons
Hurst 6	2 Marshall
Miles 4	2 York
Kirkham 4	

French Club Writes Charter - Point System

The French Club members are in the process of drawing up a charter. Carla Miles, Nancy Timberlake, Bertha Ferree, Kris Kline Nancy Keller, Kathy Monahan, Kay Mitchell, Betty Martin and Ginny Crosier are working on the project.

The Club adopted a point system necessary for a student to become a member. The club also made arrangements to decorate the language lab. The members sang French carols during the Christmas assembly.

Students Visit Planetarium

Panthers Stopped In Opening Game Of Holiday Tourney

After failing to connect on their first twenty-one shots the Scottsburg Warriors sizzled the nets on 23 of 39 shots in the remainder of the game to capture a 61-47 victory over the Corydon Panthers in the Salem Holiday Tournament.

The Panthers led for the first quarter. By half time the Warriors were on top 23-22. The big factor that hurt the youthful Panthers was the press the Warriors employed at the beginning of the second quarter.

In the last quarter Scottsburg outscored the Panthers 19-4 to lead 54-40, but the Panthers cut the lead to 54-46, then again the Warriors pulled away to post the victory 61-47.

In the error department the Panthers led with 29 miscues. Scottsburg made 17 miscues. Scottsburg hit 23 of 60 shots for a 40% shooting clip. The Panthers hit 16 of 43 for a 37.9% shooting clip. Scottsburg had a slight edge in rebounds 34-33.

Tom Butt led the Panthers with 20 points as he was the only Panther in double figures. Scottsburg had a balanced score with Arvins 16, Thompson 12, Lowery and Pasternick each 11.

ed by an hour show on how the planets are arranged in the sky and also how their terrain looks. The planetarium is a hemispherical building. Inside it is supposed to resemble the sky. During the different months the planetarium offers programs to show how the stars are located during the four seasons and also the nine planets. After the show the students ate lunch in the U. of L. cafeteria.

Cagers Down Bearcats 76-68

Butt Nets 29

Corydon broke a three game losing streak by beating host Georgetown 76-68. Tom Butt scored his career high by netting 29 markers. All five Panthers that started scored in double figures. The 76 points is our high of this season. The Panthers started fast and led all the way to their second victory of the season. The game was not as close as the score showed, for the Panthers led by 21 points in the fourth quarter and then let off the rest of the game.

Danny Utz, a junior, played center for the first time this season and got 13 points and 9 snares.

Providence Wins On Hosts Floor

Break 10 Year Record

The Corydon Panthers were defeated on their home floor by the Providence Pioneers for the first time in ten years.

Providence pulled to an early lead of 21-13 at the end of the first quarter. During the second period the Pioneers pulled away through the fine shooting of Dana Olsen. The score at the half was 42-26. The Pioneers led at one time 76-44, but Corydon finally closed the gap to make the score 80-56 at the buzzer.

A poor showing in ball handling was given, as the Panthers outscored the Pioneers 31-17 in mistakes.

The Panthers were hindered by the loss of their 6'2" starter at guard, Bill Kirkham. He was out because of a boil on the side of his face. Dana Olsen captured the honors with 25 points. Croft and Colin scored 19 and 4 respectively.

Mike Bennett was high for Corydon with 12 points followed

EAGLES DUMP PANTHERS 77-61

In the consolation game of the 8 Salem Holiday Tourney, the Austin Eagles dumped the Panthers 77-61.

The Eagles were led by Jim Robison with 26 points and 18 rebounds to lead both teams. Next was Fawbush with 14 markers and 14 rebounds.

For the Panthers, Bill Kirkham led with 17 points and Butt was next with 12 and Scott with 9. One of the bright spots for the game was that the Panthers made less errors than Austin 17-20. In shooting percentages Austin hit a good 46% clip to the Panthers 33.7%.

L. Anderson Tries French Guillotine

A victim of the French Revolution? No, the young gentleman with his head in the guillotine is Lynn Anderson, a member of the French I class. Lynn is an A student in French. A students, however, are rarely "beheaded."

In order to be 'executed' you must be a member of the G.P.V. (Guillotine Pour Vous, or Guillotine for You) Club. G.P.V. consists of all French I students who use double verbs or acquire six demerits. Demerits are acquired by failing tests (-3 points), not having homework (-2 points), and not having the Cava magazine (-1 point).

Miss Nolen elects the two officers, the executioner and the secretary. The executioner is the student showing the most improvement, and the secretary is the student with the highest grades of the week. The executioner pulls the string on the blade of the guillotine. The secretary keeps account of all the demerits. The lowest quiz grades of both officers are raised one point.

An execution is held every Friday during the fifth period. The secretary calls out the name of the victim and states his crimes. The offender must rise, blow up a balloon, and put his picture on it. The balloon is placed in the guillotine. The countdown begins at ten seconds. When the count reaches zero, the blade falls. The head rolls into the basket.

The guillotine is further unique because it is one of the last pink and blue guillotines now in use. Part of the psychological effect is that a person would hate to lose his head to a pink and blue guillotine.

The French I class is still working on a method for redemption.

Information Of Grad. Compiled, 1962 - 1965

Mr. Schneider and Mr. Norman have compiled the following information of our graduates for the

OPINIONS

LETTERS TO THE EDITOR

Dear Editor,

January seems to be the month for complaints. Ask yourself this, do we complain one month out of the year or every day every week of every month of every year. People seem to be ill at ease if they don't have something to complain about. It's just not a few people this time, it's everyone. Everybody, sooner or later, complains about something.

The biggest complaint around school lately seems to be about the lunches which are being served in the cafeteria. The complaints are: we have hamburger three or four times a week, it doesn't taste like the food mom makes, we have the same thing over and over again, and we don't get enough to eat. So what if we have hamburger ten times a week. It's better than not having anything to eat. How would you like to trade places with a Chinese or African boy, where you have a seven course meal consisting of a slice of bread and a pan of milk, if you're one of the luckier ones.

Mother's Tastes Better

So what if it doesn't taste the same way your mother makes it. Did you really expect it to? If you go to a restaurant and they serve you your food and it doesn't taste the same as your mother's, are you going to start making a big fuss over it? Of course you're not, because you are mature young ladies and gentlemen. You would be acting like kindergarten children instead of high school students. You would probably be treated like children, which I am sure is the last thing you want.

You are always complaining about not getting enough to eat. The purpose of your lunch is to hold you over until you get home. It is not supposed to last you for the rest of your life. Also take this into close consideration, you are getting more for your thirty cents than any other student in the whole, wide world.

I know that no one likes to be preached to but I think it was necessary. Please remember this, he who complains is never happy. A SENIOR

training. Of the 550 who were graduated 1962 through 1965, thirty per cent of them (165) have attended or are recently attending college. Ten per cent (55) have attended or are presently attending technical, business or beauty schools or other vocational training institutions. Five per cent are in the military service. Twenty-five per cent are gainfully employed with no further education beyond high school. It is estimated that about twenty per cent (110) are either unemployed or seeking to change positions if local employment were available.

Federal Lunch Program Reviewed

Students who are always complaining about our lunches should, we feel, know a few facts about the program.

Our cafeteria is under the Federal and State lunch program, which requires that a Type A luncheon be served. We must be under this type lunch to get the government commodities and without these free commodities our lunches could not be served to students for 30c a day or \$1.50 a week.

At this time commodities received are becoming less and less each month. Students forget that not only does the 30 cents have to pay for the food served but it must pay for the labor necessary to prepare the food and also buy any equipment needed to operate the cafeteria.

Mrs. Windell asks that students be reminded to take a bottle of milk with each meal because the cafeteria is reimbursed four cents minus ten percent on each bottle of milk served. Unless the milk is served the lunch is not considered a Type A lunch.

Type "A" Lunch Requirements

Every day the school lunch menu must include:

1. ONE-HALF PINT of whole milk as a beverage. (Containing 3.25 butter fat.)
2. TWO OUNCES of cooked or canned lean meat, poultry, or fish, or two ounces of cheese, or one-half cup of cooked dry beans, peas, or soybeans, or four tablespoons of peanut butter, or one egg per serving. It is permissible to meet the protein requirement by serving one-half the quantities of each of two of the protein-rich foods.
3. THREE - FOURTHS CUP of vegetables, or fruit or both: for example: ½ cup of a vegetable and ¼ cup (or more) of a different vegetable or fruit could be used—either raw or cooked.
- a. Vitamin "A" foods — serve twice a week (at least).
- b. Vitamin "C" foods — serve every day.

Note: Macaroni, Noodles, Spaghetti, Rice, Grits, and Hominy are Cereal Foods and do not meet the vegetables requirement. When used, these cereal foods must be in addition to the required amount of vegetables and/or fruit.

4. BREAD — one or more portions of the following:
 - a. Enriched white or whole wheat bread.
 - b. Cornbread, biscuits, or other hot bread made of whole grain or enriched flour, meal or cereal.

Note: Crackers do not meet the requirement for bread and should not be served in place of bread.

5. BUTTER OR FORTIFIED margarine — 2 teaspoons per serving — 1 pound of butter serves 48 lunches.

Note: Butter or margarine may be used in cooking, spread on bread, or served separately.

Other Foods May be Included. a. Desserts should contribute as much as possible nutritionally, making abundant use of fruits, eggs, milk and butter.

WEEK'S MENU

- Monday**
1. Chill and crackers
 2. ½ peanut butter sandwich
 3. Apple sauce
 4. Home made doughnuts
 - 5: ½ pint milk
- Tuesday**
1. Chicken, fried steak on bun, potato chips
 2. Glazed carrot and raisin
 3. Seasoned green beans
 4. Fresh orange
 5. ½ pint milk
- Wednesday**
1. Pizza
 2. Buttered parsley potatoes
 3. Cole slaw
 4. Bread and butter
 5. Fruit cup
 6. ½ pint milk
- Thursday**
1. Beef pinwheels and gravy

POINTS OF INTEREST

Students Should Know Local Historical Sites

THE FIRST STATE CAPITAL is the main point of interest all students should be familiar with. The Capital was built in 1811-1812 by Dennis Pennington at a cost of \$3,000. Pennington may be an ancestor of several local students, we know he is of Mike Shireman, a senior, and Norma Windell, a

Folk Medicine Is Important Aspect Of Pioneer Life

The people of Harrison County will have a chance to relive the past during the Indiana Sesqui-centennial. The way of life of the early settlers of the state interest many people for they are interested in the way their ancestors lived. Folk medicine is one of the many fascinating aspects of pioneer life.

The life of the early pioneer was hard and ridden with disease. Medicine was not very advanced at the time, so they resorted to primitive cures. The ingredients of the cures were easily found in the nearby woods.

Sore legs were common among the pioneers. Some thought that a buckeye carried in the right-hand pants pocket would cure the pains. Others made salve by boiling the bark of a shrub maple.

The pioneers made primitive tooth fillings by combining equal parts of gum opium, gum camphor and spirits of turpentine, pounding the mixture into paste, and dipping lint into the paste. The tooth was then filled after every meal. The settlers also cured the toothache by making the gum bleed around the tooth, touching the blood with three wooden splinters, then hiding the splinters.

The cure for cancer used few ingredients that actually aided healing. The early settlers boiled a pound of butter in an earthen vase, added four live green frogs, and let them stew until they were dry. When the frogs were removed, camomile and parsley were added. When the mixture cooled, the pioneer added pulverized alum and rattlesnake gall. The only ingredient of therapeutic value was the alum.

The early settlers never removed tonsils. They boiled figs in milk, and the patient swallowed them whole.

Tuberculosis was a common disease among the pioneers. They mixed four ounces of chicken fat and skunk cabbage. They stewed the skunk cabbage in the fat until it was dry. Then they added white swamp honyuckle, queen of the meadow roots, and honey. This was added to one quart of syrup and a half pint of brandy. The dose was one teaspoon three times a day.

Fortunately, modern Hoosiers do not have to use these cures. Medicines have improved greatly since the early days of Indiana. Many diseases have been wiped out, and others can be cured. The hardships of the wilderness have been removed, and living standards have improved. There is no present need for folk medicine. Editor's note: Do not try any of these cures. Your doctor can advise you.

2. Mashed potatoes
 3. Buttered kale
 4. Hot biscuit
 5. Banana Cake
 6. ½ pint milk
- Friday**
1. Salmon croquette
 2. Tossed salad with French dressing
 3. Candied yams
 4. Yeast rolls and butter
 5. Apricot squares
 6. ½ pint milk.

junior. When the territorial Capital was moved from Vincennes to Corydon in 1813, this building became the seat of the government. In 1816 when Indiana became a state the building became the first state capital. The downstairs was one large room which was occupied by the House of Representatives; the Senate Chamber and the Supreme Court met upstairs. Today it is a State Memorial to honor the place where a commonwealth was born.

Constitution Elm

Beneath the shade of the Constitution Elm located on High Street just west of Capitol Avenue, the first constitution of Indiana was drawn up in June, 1816. There was a large spring nearby that the delegates used to cool the jugs of brandy. The tree was one of the largest of its kind, its branches measuring 132 feet from tip to tip and the trunk was five feet in diameter and it was about 50 feet high.

In August of 1925 the limbs were cut off and the trunk left for a memorial. The State of Indiana has now complete a sandstone structure over the stump.

Old Treasury Building

The State Treasury built in 1817, housed the offices of the State Treasurer and the State Auditor. Two original rooms of the building stand one block east of the Harrison County Court House on the north side of Walnut Street. The property is now owned by Mr. and Mrs. Hurley Conrad, who in 1966 will build a new home on the site, using the two original rooms as part of their home. Mrs. Conrad is a great granddaughter of the first treasurer of the state.

Auditor William Lilly occupied the east room and Treasurer Daniel Lane and afterward Samuel Merrill occupied the west room. The State's money was kept in a strong box under the Treasurer's office. This building was later used by the Harrison County Seminary as a school. Since 1871 it has been owned by the Brewster family.

Governor Hendricks Home

Governor Hendrick's Home, located next to the Presbyterian Church, was built in 1817 by Davis Floyd, a judge of the Circuit Court. This home was occupied from 1821 to 1825 by Governor Hendricks while he was governor of Indiana. Judge William A. Porter, a prominent political figure and early Speaker of the Indiana House of Representatives, lived here for many years. It has been the home of Judge Porter and his heirs since 1841.

Posey House

The Posey House was the home of Col. Thomas Lloyd Posey, son of Territorial Governor, Thomas Posey. Col. Posey was the U. S. Pension Agent, State Adjutant Agent, and Cashier of the Corydon Branch Bank. The building now is a museum, owned and operated by the Hoosier Elm Chapter, D.A.R.

Oldest House In Corydon

The oldest house in Corydon, located behind the Constitution Elm, was built of logs in 1807 by the Westfall family. Later the home of Col. Lewis Jordan, who commanded the Home Guard during the Battle of Corydon, 1863.

Kintner House

In the original Kintner House at the southwest corner of Capitol Avenue and Chestnut Streets, General John Hunt Morgan, a Rebel Raider, made his headquarters when he captured Corydon, July 9, 1863. This building burned shortly after the Civil War and a new hotel was erected one block south. The hotel was operated by Kintner and was the leading hotel in Corydon for many years. Today it is operated as an office building.

Y-Teens Will Sell Class Pins - Guards

For the third consecutive year Y-Teens are planning to sell two types of class pins. One will be a gold and black shield with CC High School plus the students year of graduation. It will sell for \$2.00 or \$2.60 with a safety catch. The other pin is the letters C C H S in gold with the year of graduation. It will sell for \$1.25 or \$1.83 with a safety catch. Order yours during your lunch period from Y-Teens girls in the lobby starting Monday, January 24. Money must accompany all orders. Members from all four classes may order these pins.

Math Club News

At the January meeting of the Math Club, Ronnie Kellem gave a most entertaining demonstration of mathematical magic. By using several unique properties of base nine, Ronnie was able to guess anyone's age or just any number you had in mind.

Another interesting trick was to write down the eight digit number 12,345,679. You pick any of the numbers such as three. Multiply the three by nine. Take this product of twenty-seven times the original eight digit number. The answer consists entirely of threes. This works for any of the other seven numbers, also. Actually this is not a trick. It is done by using the unusual properties of base nine.

Ronnie then did some card tricks. He divided a deck of cards into two piles. Then with assistance from Allen Kumm and Fred Watson who dealt from the two piles into two more piles of five cards each, Ronnie showed how four aces or any four cards of the same number can be turned up.

Later Ronnie admitted that the deck had been stacked.

The next program will be given by Lynn Anderson.

Art Club To Create Cartoon Characters

During December the Art club decorated the halls with Christmas color. Wreaths were designed and hung on classroom doors. Now the class is working on two ideas: one is to create a cartoon character to be used in posters showing some different things around school.

The other idea is to decorate the storage cabinets at the rear of room 206.

The Club invites new members to their next meeting.

Officers for the coming year are: President, Pam Smith; Vice president, Pete Akers, and Reporter, Pete Akers.

Norman - Gibson Speak At FBLA

'Are You Sure of Yourself' was the subject of a talk given by Teresa Norman at the January meeting of Future Business Leaders. Diana Gibson chose for her subject on which to speak to the group "How Self-Confident Are You?"

Officers for the coming year were installed at a Christmas social meeting held at the home of Claudia Pate; degrees were also awarded to members.

NUTS FOR SALE - The Club still has cans of nuts for sale. Price \$1.25.

Winter Concert Given By Bands

A Winter Concert by the three bands of the school system was presented before a large audience on Sunday afternoon, January 16. All bands are under the direction of Thomas Trueblood.

The fifty-five members of the high school band presented the following program: Night Flight March by King; Highlights from "Bells are Ringing", Land; Dreaming Winds, Christensen; Sugar Lips, Sherrill; Overture for Winds, Carter.

Student Council Will Give Talent Show

The Student Council is now in the beginning stages of planning its annual talent show. A committee of five has been appointed to gather the names of the people who want to enter, and the type of act they wish to do. Freshmen are to see Janice Gettelfinger; sophomores, Virginia Bruce; juniors may contact Mark Wiseman; and seniors, Mike Shireman or Randy Leuty. Auditions and practices will be held at a later date.

Deer Stop Traffic

Earl Alcorn and Archie Brown accompanied by Mr. Wood had an unusual experience in driver training recently while driving near Wyandotte Cave. Mr. Wood saw eyes staring at them from the side of the road and had the driver stop quickly. Out from the bushes sauntered 3 deer which crossed the road, jumped a fence, and sauntered down into a field to graze. The group in the car looked up on the hill and there stood two more deer who soon joined the group in the field.

Public Kindergarten

The Corporation has received approval to start a kindergarten under the Elementary and Secondary Education Act. This act has as one of its purposes to establish a kindergarten for those youngsters who would possibly be behind their classmates next year who attended private kindergartens. Establishment of this public kindergarten should in no way effect the attendance of pupils who are attending private kindergartens.

It is hoped by September, 1967, that all youngsters between 5 and 6 years of age can attend public kindergarten. At present, we do not have the facilities available for all youngsters of kindergarten age so it is hoped that parents who have been sending their children to private kindergartens, will continue to do so. Cooperation is needed in order to make the public kindergarten program workable this second semester.

Parents who have youngsters who were five years of age or over last September, 1965 and who are not presently attending kindergarten may enroll their youngsters for the public kindergarten that will start January 31, 1966.

Enrollment cards are available in the Corydon Grade School Principal's office and in the Superintendent's office. Every effort will be made to contact parents of youngsters of kindergarten age.

One kindergarten class will be held from 8:30 to 11:00 each morning. Another class will be held from 12:30 to 3:00 each afternoon. It is hoped that parents that live in the same general area can form car pools to transport children. It may be possible to ride the school buses one way if the buses aren't already overloaded.

The Board of Education of the Corporation at a special meeting January 17, 1966, authorized the construction of two classrooms in the auditorium of the Grade School building, one to be used as a remedial learning center; the other as a kindergarten.

The approximate cost of these rooms will be \$3500 and will pro-

Junior High Band

The Junior High bands number 94 and includes members from Corydon, New Middletown, and St. Joseph Schools. Their program consisted of the following numbers: Musketeers March by Buchtel; Sunrise Waltz, Buchtel; Twinkle, Twinkle Rhapsody, Nestico; Flirtation, Spanish Dance, Buchtel; Robert Burns Overture, Gordon; Explorer March, Buchtel.

Beginning Band

Fifth grade beginning band composed of students from the three schools number 54. They played: Mary's Little Lamb, Jingle Bells, London's Crazy Bridge, Old MacDonald, and Twinkle, Twinkle, Little Star, all from the first division band book.

vide space for implementing the federally financed program of approximately \$100,000 for the next two years. The cost of the construction will be paid from the federal funds.

Additional Teachers And Teachers' Aides Employed

Additional teachers employed by the Board for the second semester include:

Janice Sloan - Full time - Remedial - Corydon Grade

Barbara Lander - 1/2 time - Kindergarten - Corydon Grade.

Rosamond Funk - 1/2 time - Kindergarten - Corydon Grade.

Alice Eckart - 1/2 time - Art - Jr. High and Grade.

Christine Pendleton - Full time - New Middletown.

The following teachers' aides have been hired:

Mrs. Donna Newton, St. Joseph.

Mrs. Mogwedell Norman, Corydon Grade.

Mrs. Ann Engleman, New Middletown.

Mrs. Ann Love, Secretary to the Board of Education has been designated as bookkeeper for the federal funds.

Schools Get Funds For Classes, Equipment, Guidance, Kindergarten

Superintendent Schneider announces that the Corporation has had approved a grant from the Federal Government for \$35,793 under the Elementary and Secondary Act, the money to be spent for special educational needs which this project has been designed to meet. This amount must be spent between January 24 and August 1, 1966. At that time additional grants may be applied for.

THIS AMOUNT, \$35,793 was what was approved out of \$50,692 originally applied for by the Corporation; however, Mr. Schneider stated the remaining may be approved under a new application which he will make. Another application will be submitted for an additional grant beginning August 1, 1966.

BASICALLY THE MONEY will be used for the following:

1. Remedial and supplementary programs in basic curriculum areas such as reading, math, science, and social studies. This will include the hiring of teachers, purchasing material and equip-

ment and initiating a kindergarten program for children who are not able to attend a private kindergarten. It will be necessary to rent space for the kindergarten.

2. Provide health services such as medical and dental examinations. This service will be under the supervision of the County Health nurse.

3. A learning center which will be equipped with machines for controlled reading will be put in the Grade School Auditorium. Also purchased will be: Tachistoscope to increase perception and speed up mental processes, 3 tape recorders, 3 overhead projectors, 3 controlled readers, 2 opaque projectors, 2 duplicating machines, 1 movie projector.

4. Provide additional guidance service for both students and parents.

5. Also included in this federal project will be \$1,000 spent on easy to read books and \$1,000 for classroom furniture for the mobile classroom.

Elementary, Parochial School Aided

This program will aid not only the Corydon Elementary and New Middletown Elementary Schools but also St. Joseph Parochial School.

The specific objectives of this project are:

1. Upgrade achievement level of this target group by providing services not previously provided.

2. Improve their attitudes by providing them the opportunity to grow socially by enriching their experiences through wholesome activities.

3. Improve their usefulness as good citizens by teaching them the knowledge necessary for educational and cultural growth.

4. Improve their health by providing physical examinations for all the pupils in the target group that are referred by the health nurses. Also to provide food for those who would not be able to participate in the school lunch program.

5. Provide additional guidance services to assist in their total development and to evaluate that development.
